

## Healing Groups

As science is now proving, everything is energy. Thoughts are energy; emotional programmes and beliefs are energy. Cellular memory is energy. It is these energies that determine how we live our life and also the people, opportunities and experiences that we draw to us. These energies can be either limiting or beneficial. Our lives are also governed by our ancestral heritage, over which normally we have no control. These beliefs and inheritances are often sub-conscious and we can be unaware of their negative impact on our day to day living.

In one of our typical healing groups, Kaye, as the facilitator and using a form of kinesiology, is able to identify the energy responsible for limiting or blocking the optimum outcome of every opportunity, experience or situation. We address and restore all facets of the energy pattern including emotional, mental, physical and spiritual as well as those on the etheric, astral and light body level. This multi-faceted healing creates a shift in consciousness, enables new patterning that can enrich our life and will generate a life full of new possibilities.

Each group session is a complete healing session. What we have to realise is the healing is exactly that – the energies are changed immediately!!! The past life ties

are cleared, the DNA codes regarding that particular issue are changed!! Kaye has been doing this level of spiritual healing for over 5 years and NOTHING has ever raised its ugly head again. There have been other facets of an issue, which can come up for working with, but the original facet is always still clear.

Also the emotional and mental bodies are reprogrammed and new neurological pathways are created. These two areas need to be maintained as these are our areas of 'choice', but the work makes it much easier to choose the higher vibrational pathways. Each session has a set of 'tools' to speed up the process and make it easier - these tools are vibrational essences to be taken etherically or psychically (energetically).

These sessions are held from 9am to 12noon (approx) on Wednesdays and from 6pm to 9pm (approx) on Wednesday evenings at 9A First Avenue, Maroochydore.

Kaye is also available for one on one healing sessions. Please phone the Centre for information and appointments.

I want to thank you from the bottom of my heart for this past year, for your patience and great sense of humour. For helping me to get on the right path of this journey called life, to assist me in keeping on this path, to stop me from looking at things through a tunnel, to see the big picture, for helping in my running and my day to day dealings with people, life, family, work and social life. I will keep you in my prayers and also send you some of my good energy back to you. You truly are a saint and a great friend, hopefully we will be able to meet in person in the New Year.
